

# SPIFLEX

---

## COMPOSITION

---

Inside Diameter (Inches)	0.283"
Fully Expanded Inside Diameter (Inches)	0.375"
Material Thickness (Inches)	0.004"
Finished Wall Thickness (Inches)	0.005"

---

## PROPERTIES

---

Color	White
Breakdown Voltage- Minimum	6000 Vac
Max Service Temperature (°C)	150

---

## MISCELLANEOUS

---

Patent Numbers	6024131 D413968
----------------	--------------------

---

Tests to determine application suitability should be made by each user. Electrolock can not guarantee performance in the user's application. 962/ Copyright 1996 Electrolock, Incorporated.
